Well it's been another busy month at JRSC, euchre ran thru March 18, thank you Tim, Tom. and Deb. Plus our great kitchen crew, led by Stephanie, provided great meals. And let's not forget the bar staff who satisfied our thirst.

Stephanie and Lynne put on a great Jigs dinner, with Diane providing lively Irish tunes on her violin. Thank you all for the efforts you are making to keep our club thriving. For April we are continuing our Friday openings with alternating weeks of Trivia and Game Nights sponsored by our Vice Commodore Phil (see info in this edition). We are also having a Luau (April 23) and Spaghetti Dinner fund raiser (April 29)

It's now Spring and Ralph has had his first yard work party. As Spring clean-up continues Anthony (docks), Bill (bulkhead) and Ralph will be looking for some additional help and having more work parties. All this will allow us to maintain our docks and yard so our boats can be out on the water ready to race and cruise. Please take note, with the addition of the finger docks and more boats, we will be posting rules and warnings on the dock system. These rules are designed for the safety and protection of all so please take note of them and be sure to comply. I know I'm looking forward to a safe and enjoyable sailing season. I hope you all are too!

Which brings me to great news. PC Hank had a great cruising meeting and has set up a schedule for both short day cruises from our docks, some medium sail gatherings, and a week's cruise. I'm really excited about our sailing season this year. See more details in his article.

I will soon be asking for everyone's help. We are currently getting ready to repaint Pearson Hall. It has been over 20 years since we have done anything to the interior of the club house and it is time for a paint party to refresh our hall.

It's time to get our Spring cleaning done, so get out your old paint clothes and equipment and get ready for a painting party the first week of this month. See the email that was sent.

As the weather gets warmer, I also want to power wash the exterior and do some touch up there too.

We are also going to be installing a chair lift at the back door this Spring. This will enable those with disabilities to have access to our club house. It will entail pouring a concrete pad and some electrical work, so we will need some skilled workers for the project.

I am continually pleased at the spirit and willingness of our members to step up and help when a need arises. It is a pleasure and privilege to be your Commodore.

THE LONGEST DAYS.....

These are normally the longest days of the year for me. Winter is over (barely) and Spring is just beginning to get a foothold. The days can still be cold and I haven't retired my snow shovel yet. I drive by my boat and look at the tarp...wondering how long before I actually see my sailboat's deck. I make a list of needed commissioning projects and I wait..... And wait..... And wait.....

.....so while we're waiting...let's have some fun!

Even though Euchre is over, we're going to have the club open every Friday night from now until we splash those sailboats. Every other Friday we'll have my (in)famous Trivia Night. On alternate Fridays we'll have Game Night.

So put together the brightest minds you know for your trivia team. Then show up with your favorite board game and teach us how to play. Bring your family and friends out to the club every Friday night from now until June.

- Ø Friday, April 1st – Trivia
- Ø Friday, April 8th – Game Night
- Ø Friday, April 15th – Trivia
- Ø Friday, April 22nd – Game Night
- Ø Friday, April 29th – Trivia (in conjunction with the JRSC 2022 Spaghetti Dinner "Awards & Change of Watch" Fund Raiser)
- Ø Friday, May 6th – Game Night
- Ø Friday, May 13th – Trivia
- Ø Friday, May 20th – Game Night
- Ø Friday, May 27th – Trivia

For Trivia: Doors open at 6 pm, cocktails at 6 pm, dinner at 6 pm (donation), Trivia begins at 7 pm, 50/50 Raffle at 8 pm

For Game Night: Doors open at 6 pm, Pizza available for \$2 per slice at 6 pm, board games begin at 6:30 pm, 50/50 Raffle at 8 pm

Also want to call your attention to the following:

There will be another organizational meeting regarding our JRSC 2022 Racing Season on Tuesday, April 5th at 7pm. We will be finalizing details for the Cattail Regatta and Thursday Night Racing. We'll also be touching on Wednesday Night Racing (Anchor Pointe/Meinke's), the Gul-Burg Race, the Fall Series, and the Buccaneer/West Sister. Hope to see many of you there.

RIP RAP

Greetings Fellow Sailors and Friends:

Jolly Roger Sailing Club cruises are back!! "WHAT is a JRSC club cruise you wonder?" "HOW can Jolly Roger afford to rent an ocean-going cruise ship?" "Is this a cruise charter?".....well here are the answers to your wonderment:

A JRCS cruise is a group or flotilla of JRSC sailors sailing their boats from port to port on Lake Erie. They then eat, sleep, and visit new ports, or other clubs on their vessels.....sort of like camping on the water!

Obviously, there is no cruise ship involved. Living aboard your vessel overnight, or for a few days, is fairly inexpensive...you are the Captain, crew, deck hand, cook, and tour guide!! Fortunately, you don't have to give tips to anyone, (except yourself if you think you deserve it).

These are not charters since you are using your own vessel. The only charges are dockage fees at the various marinas and clubs. Also don't forget the after-dinner ice cream after an afternoon of sailing to your new destination. Potluck dinners are an added bonus of camaraderie with your fellow sailors on the dock or adjacent shore!!!

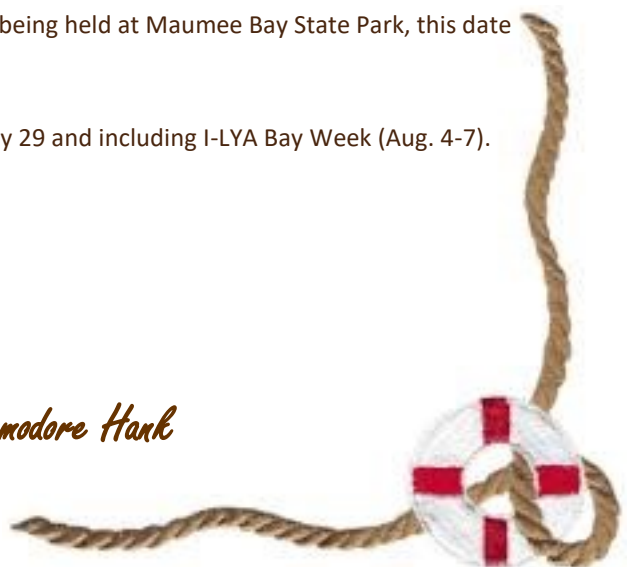

There will be four cruises for small boats starting at 18-22 feet long. Larger boats may join in. Mark your calendars: June 11-12 to Harbor View Yacht Club; July 16-17 to Monroe Boat Club; August to Toledo Yacht Club; and Sept. 9-10 or 11 to Maumee Bay State Park Marina. (Since Sept.9-11 is the Light House festival with events being held at Maumee Bay State Park, this date is sold out.)

For vessels 25 feet and over, a ten-day cruise will be scheduled starting July 29 and including I-LYA Bay Week (Aug. 4-7). Call or text me at 419-260-9506 for more details as we work them out.

PS. The larger boats can accompany the above smaller boat fleet.

Fair winds and following seas.

PRELIMINARY JOLLY ROGER RACING SCHEDULE FOR 2022

We held a very well attended meeting about JRSC Racing in late February. As you may know, we have a very ambitious racing schedule for Jolly Roger this year.

- § Thursday, May 19th – River Racing begins.
- § Saturday, June 4th – Cattail Regatta
- § Saturday, July 30th – Gul-Burg Race (Meinke's)
- § Saturday, August 27th – The Fall Series
- § Sunday, September 4th – Buccaneer/West Sister Race
- § Thursday, September 29th – Final River Race

Your Principal Race Officer for each JRSC event is as follows:

- o Wednesday Night Racing (Meinke's / Anchor Point) – Tom Beck (details regarding this series to follow)
- o Thursday Night River Racing – Phil Fry
- o Cattail Regatta – P.R.O. needed
- o Gul-Burg Race – P.R.O. needed
- o The Fall Series – Phil Fry
- o Buccaneer/West Sister Race – Dave Gonzales

Watch our website (www.jollyrogersailingclub.com) for the Notice of Race on all of these events. I should also have some more details in the next Skulldugger.

Winter Euchre 2022

March 11th ended the second series for Euchre. The second half winner was dominated by Rose Smith. Second went to Kevin Gormley, 3rd John Hardy, 4th Roseanne Peter, and 5th was Cathy Dyko.

Euchre ended for the year on March 18th with the winner Randy Mulinex taking half the proceeds.

Attendance for the season this year was as expected with the Covid variants lurking about. We were able to present a check of \$1469 to the Jolly Roger Junior Sailing Program. This did not include any additional revenue picked up from the kitchen or bar.

Special thanks to my co-chair Deb Behrens who took over the euchre while Marcie and I were enjoying time in sunny Florida. A big thanks to the kitchen crew who put together the great meals and those who worked the bar and kept the spirits flowing.

Good times were had by all with all the proceeds from euchre going directly to our junior sailing program.

Again, thanks to all who came out to support our junior sailors.

VESSEL SAFETY CHECK

The purpose of the Vessel Safety Check (VSC) is to assure that the vessel is in compliance with State and Federal requirements. In other words, that the vessel is equipped to operate safely on our waterways. VSC is free and takes fifteen to thirty minutes to complete, contingent upon the length and type of vessel. Vessels that meet VSC requirements are awarded a decal, an indication to other boaters that the vessel meets minimum requirements to operate safely.

VSC Decal Requirements

- ⇒ Display of Registration number
- ⇒ State/Federal Registration Documents
- ⇒ Personal Flotation Devices
- ⇒ Visual Distress Signals
- ⇒ Fire Extinguishers (must be less than 12 years old)
- ⇒ Ventilation (gasoline inboard engines)
- ⇒ Backfire Flame Control (gasoline inboard engines)
- ⇒ Sounding Producing Devices
- ⇒ Navigation Lights
- ⇒ Pollution Placard (vessels 26 ft. and over)
- ⇒ MARPOL Trash Placard (vessels 26 ft. and over)
- ⇒ Marine Sanitation Devices
- ⇒ Navigation Rules (vessel 39.4 ft. and over)
- ⇒ State /Local Requirements

Brief explanations of the above requirements are available on request: email John Miga at migajm@toast.net to download a copy.

To schedule a VSC: contact John Miga.....consider having VSC before launching.

HELLO APRIL

New Fire Extinguisher Regulation for 2022

Article and Photo's courtesy of Boat/US

A new U.S. Coast Guard regulation begins April 20 for disposable fire extinguishers and mandates a 12-year expiration date from the date of manufacture. This new U.S. Coast Guard expiration date regulation aligns with the 12-years recommended by the National Fire Protection Association. You can find the manufacture date stamped into the bottom of the bottle or near the UL label. This may be two or four digits — if it is two, as in “08” that means 2008. Additionally, while the new regulation does not change the type (U.S. Coast Guard-rated) or quantity of USCG approved fire extinguishers aboard, it does specify the minimum Underwriter Laboratory (UL) classification of extinguishers to be carried aboard certain vessels — depending on the boat’s model year.

This is the result of phasing out older “B-I” and “B-II” labels for newer “5-B” “10-B” and “20-B” extinguisher classifications. The number in this new rating refers to the size in square feet of the potential fire the device is suitable to extinguish and not the exact weight of the dry chemical inside the bottle.

Vessels less than 26 feet and model year 2017 or older may continue to carry older, dated, or undated “B-I” or “B-II” disposable extinguishers. However, when they are no longer serviceable or have reached 12 years of age since manufacture, they must be replaced with newer class “5-B” or greater extinguishers. Boats less than 26 feet and 2018 model year or newer must carry unexpired “5-B” “10-B” or “20-B” fire extinguishers. Having older “B-I” and “B-II” types do not meet the new carriage requirements.

Many retailers today offer “10-B” class fire extinguishers, which may be a good choice as they exceed U.S. Coast Guard minimum carriage requirements for boats under 26 feet, while at the same time giving boaters more extinguishing coverage.

For boats 26 feet or greater, however, having one “10-B” aboard does not equal two 5-Bs. Only a “20-B” classification meets the requirement to carry two “5-B” extinguishers. For a look at how many and what type of fire extinguishers are needed aboard all recreational boats up to 65 feet, go to BoatUS.org/Fire-Extinguishers.

It is always good practice to go beyond the regulation’s minimum requirements. The minimum extinguisher may give very little time to make an emergency call or potentially prepare to abandon your vessel.

Most U.S. Coast Guard disposables on the market today carry at least a dual B:C rating, able to douse both liquids and electrical fires, and some boat owners wisely prefer triple rated A:B:C extinguishers, adding a third protection for combustible fires.

To be serviceable, a portable extinguisher must have a pressure gauge indicating an operable range, lock pin firmly installed, clean discharge nozzle, and no significant corrosion or damage. Some more recently manufactured portable fire extinguishers aboard boats today may carry both old and new labeling, for example, having simultaneous “B-I” and “5-B” classifications.

There are no changes to rechargeable or fixed-mount (i.e., engine room) extinguisher regulations. They continue to require regular maintenance and servicing, typically done annually by a technician.
